

Polyester Pallet Labels

With protective over-laminate

- Economical pallet identification for moderately demanding environments.
- Good resistance to light abrasion and general purpose cleaners, oils and mild chemical agents.
- Recommended primarily for indoor use.
- Crisp white substrate with precise graphic images and excellent readability produced by digital imaging technology.

FEATURES

- Excellent contrast and readability.
- Extremely fine resolution of high density barcodes and detailed logos and graphics.

Conforms to Industry Standards:

MIL-DTL-15024F

ISO 15416

ANSI-X3.182-1990

RoHS, WEEE, REACH

as well as other applicable standards.

BARCODES

- Any barcode symbology may be utilized, both linear and two-dimensional. Multiple barcodes and multiple symbologies can be included on a single label.
- Variable data can be generated from any sequence you specify or in the case of complex or random data you may provide an electronic data file.
- Our rigorous Quality Management System and robust data management services ensure data integrity and complete delivery.

MATERIALS

- .003" thick polyester with premium general purpose acrylic permanent adhesive backing and clear protective over-laminate for added durability.
- Add one or more colors or logos.
- Available in virtually any size or shape.
